ABOUT ME

Seasoned Architect with over 17 years of expertise in leading large-scale, complex projects across mission-critical data centers (350+ MW cumulative capacity), luxury hospitality, healthcare, and residential developments in India and the APAC region. Proven ability to steer projects from concept through delivery, ensuring alignment with design vision, client objectives, regulatory frameworks, and business goals.
As an Associate Director, adept at strategic planning, design management, and inter-disciplinary coordination, while driving efficiency across project lifecycles. Skilled in building code analysis, construction documentation, feasibility studies, and stakeholder management with a focus on cost optimization and timely delivery. Experienced in developing codal compliance frameworks across multiple countries, enabling scalable and standardized project delivery.
Recognized for leading high-performance teams, mentoring talent, and fostering collaboration between clients, consultants, and contractors. Passionate about technology integration, sustainable design practices, and innovation in architecture to deliver projects that are future-ready, efficient, and impactful at both a local and global scale.

AECOM India – Associate Director — *Sep 24 – Present*
– Associate — *Dec 22 – Aug 24*

Responsibilities & Leadership

- Directed architectural design and coordination for multiple mission-critical data centers across India, with a cumulative capacity exceeding 350 MW.
- Led multi-disciplinary design teams throughout all project phases—concept, design development, construction documentation, execution, and contract administration.
- Formulated and implemented delivery strategies covering project schedules, documentation standards, transmittals, and site audits.
- Acted as the Lead Verifier for QA/QC, ensuring compliance and quality across all deliverables during the entire project lifecycle.
- Coordinated with vendors, contractors, and internal business units to align on budget, project priorities, and execution timelines.
- Recruited, mentored, and trained architects, enhancing team capability and overall delivery efficiency.
- Conducted building code analysis across 9 APAC countries, developing a codal compliance matrix that standardized regional design prototypes.
- Provided QA/QC oversight for design deliverables across the EMEA region, ensuring consistency with global standards.
- Contributed to successful bidding and peer reviews for high-profile government and institutional projects in India.

Key Projects

- Mumbai: Led the delivery of a 30 MW data center.
- Hyderabad: Oversaw the CA stage for a 96 MW data center (two phases, separate contracts) and managed delivery of an additional 48 MW facility.
- Bangalore: Directed the design development of a 102 MW data center, including an intermediate Core & Shell tender package.
- Noida: Oversight of deliverables for a 21 MW data center.
- Pune: Led the concept design stage for a 100 MW data center.
- New Delhi: Contributed to the successful bid for the design of a major embassy, scheduled to commence in Nov 2025.
- New Delhi (Government Projects): Peer review of GPRA Housing redevelopment at Netaji Nagar and Sarojini Nagar.

Housr – Head, Design & Transformation — *Jul 2022 – Dec 2022*

Strategic Leadership & Management

- Led the design-to-execution cycle for co-living projects, ensuring timely delivery and cost efficiency.
- Centralized procurement and costing processes, optimizing vendor engagement and budget utilization.
- Supported business development teams with design and cost-cycle inputs for expansion strategies.

Key Achievements

- Successfully delivered flagship projects such as Housr Platinum, Sector 56 & Sector 45 in Gurgaon.
- Introduced streamlined design-to-execution workflows, reducing delivery timelines and costs.

OYO HOTELS & HOMES (2018-2022)

RESPONSIBILITIES

- Design Lead for projects across India.
- Due diligence of all prospective sites.
- Implementation of transformation and expansion strategies.

PROJECTS

OYO TOWNHOUSE (No of projects worked on : 40) *April'18 - June'22*

Key Projects : Across India

OYO Townhouse is the company's frontier business vertical. OYO Townhouse (OTH) has a contemporary design aesthetic that appeals to millennial guests through an innovative and understated elegance. Aligned to the minimalistic concept, the lobby and café are restricted to functional utility without compromising on aesthetics. At present, there are more than 200 Townhouses, spread across the country.

OYO CAMPUS *November'20 - June'22*

OYO Campus, the student housing arm of OYO, is born with a vision to provide modern, cosy, hassle-free & secure accommodation to students, while the colleges & universities focus on building the best academia, and service many more students.

Key Projects :

Chokha Bazaar, IIT Jodhpur (Site Area : 34000 sqft / Built-up Area - 3400 sqft)

We were entrusted with the role to design and build an eatery cum utility complex for the students & staff of IIT Jodhpur. The allocated site is situated between the academic block and the staff residences. This was one of our fast track projects. It consists of a bakery & coffee shop, eateries, dining space, dress store, stationery shop, book café & performance stage, spread leisurely amidst a curated landscape. The primary building blocks are shipping containers & hume pipes.

MOUNTANIA LUXURY HOTELS *September'20 - June'22*

Oyo has partnered with Gurugram-based hospitality firm Mountania Developers, to develop and transform a series of properties into 5 Star luxury Hotels.

Key Projects :

3 BY OYO - Ahmedabad (*64 Keys. Built-up area :45000 sqft*)
4 BY OYO - Zirakpur (*166 Keys , Built-up Area - 1,40,000 sqft*)
5 BY OYO - Jaipur (*Ongoing*)

EKTA HOUSEBOAT , KEVADIA *August'21 - February'22*

OYO EKTA is first and one of its kind houseboat in Gujarat, located on the pristine Narmada river. The ultra-luxurious houseboat can host up to 6 guests in its two bedrooms, fully equipped with all modern amenities and an in-house kitchen.

SCOOP HOLDINGS PVT LTD (2015-2018)

SCOOP is a production firm executing small scale retail chains to large scale hotel & cinema spaces. It had a 30000 sqft production facility in Delhi, catering to all standardized & customized interior fit-outs & furniture. SCOOP Events is a sister concern of the retail wing.
